

## ILR

Two standard oversized platforms offer increased productivity at a budget price

PRODUCT GROUP: FOLDING

The ILR fits a wide range of trucks with floor heights from 36" to 53" inches. Platform sizes up to a length of 48" offers the best of two worlds with decreased platform angle, more space in front of cart stops and easy access on/off the platform.

| TECHNICAL DATA |                        | STANDARD FEATURES           |                            | OPTIONS                 |                      |
|----------------|------------------------|-----------------------------|----------------------------|-------------------------|----------------------|
| Configuration  | Lifting capacity (lbs) | Platform size length (inch) | Platform size width (inch) | Bed height range (inch) | Approx. weight (lbs) |
| ILR 20         | 2000.0                 | 42, 48                      | 80                         | 36 - 53                 | 750 - 765            |
| ILR 25         | 2500.0                 | 42, 48                      | 80                         | 36 - 53                 | 750 - 780            |
| ILR 30         | 3000.0                 | 42, 48                      | 80                         | 36 - 53                 | 765 - 795            |
